

Resolution changing number of election officials.

02-08-2016

STATE OF WISCONSIN

Town of Buffalo

Marquette County

Section 7.32, Wis. stats., allows a municipal governing body to reduce the required number of election officials at a polling place from [7 or 5 (in a municipality where voting machines are used)] to no less than 3, and the town board has determined that it would be advantageous to the town to have only as many election officials on duty as are needed for a given election. Therefore, the Town Board of the Town of Buffalo, Marquette County, Wisconsin, by this resolution, adopted by a majority of the town board on a roll call vote with a quorum present and voting and proper notice having been given, resolves and declares as follows:

There shall be a minimum of 3 election officials on duty at every election. At the discretion of the town clerk, the requisite number of election officials may be increased for any election. However, the number of election officials working at a given election shall always be an odd number.

The town clerk shall properly post or publish this resolution as required under s. 60.80, Wis. stats.

Adopted this 8th day of February, 2016

**Note: Section 7.30 (1), Wis. stats., requires 7 inspectors for each polling place at each election except that in municipalities where voting machines are used, the municipal governing body may reduce the number of inspectors to 5. However, s. 7.32, Wis. stats., allows the governing body, by resolution, to reduce the number of election officials at a polling place to not less than 3.*
