

CHAPTER 16
GENERAL ZONING

16.01 STATUTORY AUTHORIZATION, PURPOSE AND FINDING OF FACT

- 1) Statutory Authorization. This Ordinance is adopted pursuant to the authorization contained in Section 60.62, 61.35 and 62.23(7) of the Wisconsin Statutes.
- 2) Statement of purpose. The provisions of this Ordinance shall upon adoption be held to be the minimum requirements adopted to promote health, safety, comfort, prosperity and general welfare of the public.

16.02 ABROGATION AND GREATER RESTRICTION.

- 1) It is not otherwise intended by this Ordinance to repeal, abrogate, annul, impair, or interfere with any existing easements, covenants, deed restrictions, agreements, ordinances, rules, regulations, or permits previously adopted or issued pursuant to law, other than zoning, to the extent specified in this Ordinance.
- 2) Interpretation. In their interpretation and application, the provisions of this Ordinance shall be held to be minimum requirements and shall be liberally construed in favor of the Town and shall not be deemed a limitation or repeal of any other powers granted by the Wisconsin Statutes.
- 3) Severability. If any section, clause, provision or portion of this Ordinance is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of this Ordinance shall not be affected thereby.
- 4) Repeal. All other Ordinances or parts of Ordinances of the Town of Buffalo inconsistent or conflicting with this Ordinance, to the extent of the inconsistency only, are hereby repealed.

16.03 JURISDICTION AND EFFECTIVE DATE

This Ordinance shall take effect upon passage and adoption by the Town Board and filing of proof of publication in the office of the Town Clerk.

16.04 GENERAL PROVISIONS

- 1) Setback, lot sizes and other dimensional requirements applicable to the various zoning districts are indicated in this Ordinance.
- 2) No structure, land, water or air shall hereafter be used without full compliance with the provisions of this Ordinance. No structure or part, except as specifically allowed hereunder, shall hereafter be located, erected, moved, reconstructed or altered and no substantial land use change made, without full compliance with this Ordinance. For each district the permitted uses are stated, others are specifically classified as requiring special exception permits and any uses not specifically classified shall require special exception permits. After adoption of

this Ordinance, no lot area shall be so reduced that the dimensions and yard requirements imposed by this Ordinance cannot be met. However, where existing lots do not satisfy such requirements, the Board of Appeals may grant a variance.

- 5) All lots shall abut upon a public street or road to which direct access is permissible and each lot shall have a minimum frontage of at least 66 feet. This requirement shall not be construed to conflict with the minimum average lot width standards specified in this Ordinance, inasmuch as irregular shaped lots may meet both the requirements. In the case of a corner lot, the standards specified for setbacks for that district shall apply to those sides of the lot, which abut both streets forming the corner.
- 6) No lot shall have more than one principal building for residential purposes, except as otherwise specified herein.
- 7) No provision of this ordinance shall be construed to bar an action to enjoin or abate the use or occupancy of any land or structure as a nuisance under the appropriate laws of the State of Wisconsin.
- 8) Any lot legally created and recorded in the Register of Deeds Office prior to the adoption of this Ordinance, may be increased in size by the addition of all or part of the adjoining lots or parcels, and such resulting lots may be used for any purpose permitted in the district in which they are located, provided that the resultant lots or parcels shall not be reduced below the minimum requirements of the district, be made less conforming and that they comply with the requirements of the Town of Buffalo Chapter 10, Subdivision and Land Division Ordinance.
- 9) Any lot legally created and recorded in the Register of Deeds Office prior to the adoption of this Ordinance, may be used as a building site, or for any purpose permitted by ordinance, even though such lot does not conform to the minimum frontage or area requirements of the district in which it is located, provided that all other requirements of the district can be met.
- 10) The existing lawful use of a structure or premises which is not in conformity with the provisions of this Ordinance may be continued subject to the following:
 - A) No use shall be expanded or enlarged except in conformity with the provisions of this Ordinance.
 - B) No structural alteration, addition or repair to any non-conforming building over the life of the structure shall exceed 50 percent of its equalized value at the time of its becoming a nonconforming use, unless permanently changed to a conforming use, except upon granting of a variance by the Board of Appeals or unless authorized under Sec. 16.04(11).
 - C) If a nonconforming use is discontinued for 12 consecutive months, any future use of the building or premises shall conform to this Ordinance.

- 11) Restoration of legal nonconforming structures. As authorized under Wisconsin Statutes 62.23(7)(hc) a legal nonconforming structure may be rebuilt if all of the following conditions are met:
 - A) The structure was damaged or destroyed on or after March 2, 2006.
 - B) The damage or destruction was caused by violent wind, vandalism, fire, flood, ice, snow, mold or infestation.
 - C) The size of the structure is not increased and it is built in the same location that it occupied prior to being destroyed.
 - D) The use of the structure is not changed unless the new use is in conformity with this ordinance.
- 12) In districts, which permit agricultural uses, the grazing or raising of farm animals shall require a minimum of 2 acres with a maximum of 2 animal units for lots less than 5 acres in size.

16.05 HIGHWAY SETBACK AND ACCESS PROVISIONS

- 1) For the purpose of determining the distance buildings and other structures shall be set back from streets and highways, the highways of the Town of Buffalo are divided into the following classes:
 - A) All State and Federal highways are hereby designated as Class A highways.
 - B) All county trunks are hereby designated as Class B highways.
 - C) All town roads, public streets and highways not otherwise classified, are hereby designated Class C highways.
 - D) Town roads classified as Rustic Roads under Wisconsin Administrative Code Trans-RR1 are hereby designated as Class CR highways
- 2) The minimum setbacks from the various Class highways are as follows:
 - A) The setback from a Class A highway shall be 110 feet from the centerline of the highway or 50 feet from the right of way line, whichever is greater.
 - B) The setback from a Class B highway shall be 75 feet from the centerline of the highway or 42 feet from the right of way line, whichever is greater.
 - C) The setback from a Class C highway shall be 63 feet from the centerline of the highway or 30 feet from the right of way line, whichever is greater.
 - D) The setback from a Class CR highway shall be 75 feet from the centerline of the highway or 42 feet from the right of way line, whichever is greater.

- 3) Permits shall be required for all new access points on Class A, B, C and CR highways.
 - A) Permit applications for access to Class A highways shall be made with the Wisconsin Dept. of Transportation, for Class B shall be made with the Marquette County Highway Department and C/CR highways shall be made with the Town of Buffalo Zoning Administrator.
 - B) The agency which issues the permit shall conduct inspections of the point of access to determine compliance with the Ordinance and shall maintain permanent records of data submitted, staff recommendations and permits issued.
 - C) The authority to approve, conditionally approve or reject an application is delegated to the agency, which issues the permit, except if the proposed access does not conform to the access provisions of this ordinance or the Town of Buffalo Chapter 10, Subdivision and Land Division Ordinance. Requests for nonconforming accesses shall be subject to review and approval by the Board of Appeals prior to the issuing agency granting the permit.
- 4) Access driveways from abutting properties shall comply with the following requirements:
 - A) Class A
 - 1) Minimum distance between access points shall be 1000 feet and minimum distance between access and the centerline of an intersecting highway shall be 1000 feet.
 - B) Class B
 - 1) Minimum distance between access points shall be 600 feet and minimum distance between access and the centerline of an intersecting highway shall be 600 feet.
 - C) Class C/CR
 - 1) Minimum distance between access points shall be 100 feet and minimum distance between access and the centerline of an intersecting highway shall be 150 feet.
- 5) Where strict application of spacing standards would deny access to lots in existence prior to adoption of access regulations, new access shall be spaced to provide safe access.
- 6) More restrictive spacing standards may be applied for safety reasons.
- 7) Where spacing standards permit, driveways shall be located opposite each other.

- 8) Where the option exists, access should be granted to a highway with a lower classification than one with a higher classification.
- 9) Spacing standard do not apply for field access on Class C/CR highways.
- 10) The maximum number and width of access driveways per land use to highways and service roads shall be as follows:
 - A) Commercial and Industrial
 - 1) The maximum number of accesses shall be 2 and the maximum width shall be 35 feet.
 - B) Residential
 - 1) The maximum number of accesses shall be 1 and the maximum and minimum width shall be 35 feet and 24 feet, respectively.
 - C) Agricultural
 - 1) The maximum number of accesses shall be 1 and the maximum and minimum width shall be 35 feet and 24 feet, respectively.
 - D) Field Access
 - 1) No maximum number of accesses per tax parcel and the maximum and minimum width shall be 35 feet and 24 feet respectively, if required.
- 11) All new driveways shall comply with the following minimum design standards in addition to meeting any other provisions of the access permits issued by the Dept. of Transportation or the County Highway Dept.
 - A) Culverts, if needed, shall be a minimum of 15 inches in diameter and be constructed of corrugated metal or concrete.
 - B) Driveway height shall not exceed the level of the outside edge of the road shoulder to the ditch line.
 - C) The side slopes of the driveway shall equal or be flatter than the side slope of the main highway but shall not be steeper than 3 to 1.
 - D) No rigid vertical end walls shall be permitted.

16.06 SITE DESIGN STANDARDS

The following site design standards shall apply for certain types of land uses when required under other Sections of this ordinance. These standards are adopted to promote health, safety, comfort, prosperity and the general welfare of the public. It is the intention of these standards to ensure that future development is designed in a way

that compliments community character, increases tax base and ensures lasting quality. A site plan shall be submitted to the Zoning Administrator addressing the following items:

1) SCREENING for Commercial Zones and Subdivisions:

- A) The following areas or features shall be required to be effectively screened facing the longest dimension of the lot by fencing, landscaping, or berms from view from public roadways, and adjacent residential properties:
 - 1) Exterior structures related to heating systems, cooling or air conditioning systems;
 - 2) Refuse, garbage, dumpsters and recyclable material collection points;
 - 3) Outdoor storage areas;
 - 4) Loading docks;
 - 5) Any other site area or facility if reasonably related to the protection of neighboring properties or the public from distracting, unappealing, or offensive views of on-site activities as determined by the Zoning Administrator.
- B) Options for Screening. The following are options for providing required screening where applicable:
 - 1) Fencing: The construction of a minimum 6-foot high solid fence shall be deemed adequate screening if required. The fence shall be one color and constructed of one type of commonly used fencing materials.
 - 2) Rows of trees: The planting of a minimum of 2 rows of trees staggered with a 10-foot spacing, which are a minimum of 4 feet tall when planted, shall be deemed adequate screening if required. One row shall be white pine, red pine, or a fast growing hybrid poplar. The lot owner shall maintain such planting and any dead trees shall be replaced within 6 months. Alternate species or planting plan may be substituted if prior approval is received from the Zoning Administrator.
 - 3) Existing vegetation: The maintenance of existing native vegetation that, from off the property during full foliage conditions, provides the appearance of a solid wall of vegetation, shall be deemed adequate screening if required. The final determination as to acceptability of the existing vegetative screen shall be by the Zoning Administrator.
 - 4) Earthen berms: The construction of an earthen berm to the minimum height of 6 feet which is to be seeded and/or landscaped with shrubs and maintained by the owner shall be deemed adequate screening.

2) OFF STREET PARKING

- A) Minimum Off-Street Parking Requirements: Off street parking spaces shall be provided in sufficient numbers to address the anticipated amount of traffic to the proposed use.
- B) Handicapped Parking Spaces: Parking for the handicapped shall be provided at the number, size, location, and with signage as specified by State and Federal regulations.
- C) Location: Off-street parking areas shall be located on the same lot as the principal use.
- D) Installation of Off-Street Parking Areas: All required off-street parking areas shall be completed prior to building occupancy.
- E) Use of Off-Street Parking Areas: The use of off-street parking areas shall be limited to the parking of licensed, registered, and operable vehicles.
- F) Depiction on Site Plan: All existing and proposed parking areas on the lot shall be depicted as to their location and configuration on the site plan.

3) LOADING STANDARDS.

- A) Any nonresidential use, created after the adoption of this ordinance, which has a gross floor area of 5,000 square feet or more, and which requires deliveries or makes shipments, shall provide at least one off-street loading area.
- B) Location: Loading areas shall be provided so that all vehicles loading, maneuvering, or unloading are completely off the public road right-of-way or road easement.
- C) Depiction on Site Plan: All existing and proposed loading areas on the lot shall be depicted as to their location and configuration on the site plan.

4) SIGNAGE

- A) On premise signs advertising a business or activity shall meet the following standards:
 - 1) Wall signs placed against the exterior of a building shall not extend more than 1 foot from the wall surface and shall not exceed 100 square feet in area.
 - 2) Projecting signs fastened to, suspended from or supported by attached structures shall not exceed 50 square feet on a side.

- 3) Ground signs shall meet all setback requirements, shall not exceed 100 square feet on a side and shall not exceed 20 feet in height above the main grade. The use of monument signs is encouraged rather than pole signs.
- 4) Signs shall not be neon, flashing or have mechanical motion.

16.08 ZONING DISTRICTS AND ZONING MAPS

1) Official copies of the zoning maps, together with a copy of this Ordinance shall be kept by the Town Clerk and shall be available for public inspection upon request and on the Town website. Any changes or amendments affecting zoning boundaries or explanatory matter shall be recorded on the applicable maps. All such changes shall be made in accordance with the provisions of Chapter 62.23(7) of the Wisconsin Statutes and the provisions of this Ordinance.

2) In order to carry out the purpose and provisions of this Ordinance, the following zoning districts and zones are hereby established, and may be known by the accompanying abbreviations:

CP	Conservation Protection District
CM-B	Commercial District – Business
R-1	Single Family Residential District
AG-3	Agricultural Residential District
AG-2	General Agricultural District
AG-1	Prime Agricultural District
CD	Conservation Design Subdivision Overlay District

- 3) When the width or length of the boundaries of various zones are not clear, the dimensions shall be determined by the Zoning Administrator. Zone boundaries are normally lot lines, section, quarter, quarter-quarter lines, centerlines and right of way lines of highways, railroads and utility easements.
- 4) The Zoning Administrator shall deny a zoning permit for any use of any land in a district so substantially different from the stated uses in that district that it is deemed to be inappropriate. The Town Board may rezone to an appropriate district, may determine the particular land use to be either a permitted use or special exception in the new district, and may set conditions on use and buildings for such rezoning.
- 5) The Board of Appeals may issue a Special Exception Permit allowing any use it determines to be substantially similar to the enumerated uses in a district.

16.09 CONSERVATION PROTECTION DISTRICT (CP)

- 1) This district provides for the conservation and protection of natural resources. Generally, this zone includes swamps, marshland, wetlands and other lands of natural aesthetic value. Conservation Protection District is designed to preserve, protect, enhance and restore all significant woodlands, scenic areas, submarginal farmlands, archaeological sites, natural watersheds, significant landforms, wildlife habitat and other natural resources that contribute to environmental quality.
- 2) Newly created lots and lots or parcels remaining after a land division shall provide a lot area of not less than 40 acres and have a minimum width of 500 feet. Any land division must comply with the requirements of the Town of Buffalo Chapter 10 Subdivision and Land Division Ordinance.
- 3) In addition to the setbacks required in Sec. 16.05(2) all buildings shall have a minimum setback from all lot lines of 25 feet from the overhang of roof or closest point of construction.
- 4) The following uses shall be permitted in the Conservation Protection District:
 - A) Single family dwelling – one per 40 acres.
 - B) The harvest of any wild crop such as marsh hay, ferns, moss, wild rice, berries, tree fruits and tree seeds.

16.17 CONSERVATION DESIGN SUBDIVISION_OVERLAY DISTRICT (CD)

- 1) The purpose of the Cluster Development Overlay District is designed to preserve the rural landscape character of the Town of Buffalo by maintaining larger tracts of farmland and other areas of open land while providing for an opportunity to permit residential development. The intention being to design residential developments in a manner that limits and reduces their impact on the scenic beauty of the Town. Specific objectives are:
 - A) To guide the future growth and development of the Town in conjunction with the Town of Buffalo Comprehensive Plan.
 - B) To guide the detailed analysis of parcels so as to locate and coordinate appropriate areas for development and conservation.
 - C) To preserve the rural character through the permanent preservation of meaningful open space and sensitive natural resources.

- D) To preserve scenic views by minimizing views of new development from existing roads.
 - E) To preserve prime agricultural land by concentrating housing on lands that have low agricultural potential.
 - F) To provide commonly-owned open space areas for passive and/or active recreational use by residents of the development and, where specified, the larger community.
 - G) To provide for a diversity of parcel sizes, housing choices and to accommodate a variety of age and income groups.
 - H) To provide for buffering between residential development and non-residential uses.
 - I) To protect and restore environmentally sensitive areas and biological diversity , minimize disturbance to existing vegetation, and maintain environmental corridors.
 - J) To preserve significant archeological sites, historic buildings and their settings.
 - K) To meet the demand within the Town for housing in rural settings.

16.18 ZONING ADMINISTRATION

- 1) ZONING ADMINISTRATOR

A) There is hereby created the office of Zoning Administrator. The Zoning Administrator shall be appointed by the Town Board. The Zoning Administrator may exercise the following duties and powers:

- 1) Keep records of all permits issued, inspections made, work approved and other official actions.
- 2) Have access to any structure or premises between 8:00 am and 6:00 pm for the purpose of performing duties. Application for and issuance of a zoning permit shall constitute permission by the owner for said access.
- 3) Investigate violations of zoning ordinance. Violations shall be reported to the Town Board.
- 4) Issue written orders for correction of ordinance violations.
- 5) Issue citations for non-compliance and/or refer violations to the Town attorney for prosecution.

2) ZONING PERMITS

A) An application for a zoning permit shall be made to the Zoning Administrator upon forms furnished by the Town of Buffalo and shall include the following information:

- 1) Name and address of applicant and property owner.
- 2) Legal description and address of property.
- 3) A sketch showing the dimensions of the lot and location of existing structures and proposed construction. The dimensions shall provide the following information:
 - a) Distance from lot lines.
 - b) Distances from the centerline of abutting town, county and/or state roads.
 - c) Distances from the ordinary high water mark of abutting waterways, lakes, streams and rivers.
 - d) Distances from private onsite wastewater treatment systems (POWTS).
- 4) Any other information that may be requested to determine if the proposed project complies with the ordinance.

- B) The Zoning Administrator shall issue a card certifying that a permit has been issued. The card shall identify the owner, property and construction or use that is covered under the permit. The card shall be posted in a conspicuous place on the premises during construction.
- C) Zoning permits shall be granted or denied in writing by the Zoning Administrator within 30-days from the date the application is received by the Town of Buffalo.
- D) A zoning permit shall be valid for 2-years from the date it is issued. A new application accompanied by the proper fee shall be required if a permit expires.
- E) No zoning permit shall be issued where required, until a sanitary permit is issued as required by Wisconsin Administrative Code Comm. 83 and Chapter 145, Wisconsin State Statutes.
- F) No zoning permit shall be issued where required, if a violation of the Town of Buffalo Zoning Ordinance exists on the property unless the zoning permit being requested is necessary to correct the violation.
- G) A Zoning permit shall be required for the following:
 - 1) Before any building, unit or other structure is erected, moved or structurally altered so as to change the use or increase the area.
 - 2) Before any land use is substantially changed or altered.
 - 3) Where otherwise required by a specific provision of this ordinance.
- H) A Zoning permit shall not be required for the following cases, but the construction or use shall otherwise be required to comply with the zoning ordinance:
 - 1) Construction, alterations or improvements to a structure that consist of less than 100 sq. ft. in floor space and a cost of not more than \$1000.00. Current market labor rate shall be used for individuals providing their own labor. The burden of proof falls on the property owner to demonstrate the cost of a project.
 - 2) Replacement of windows, installation of siding and roofing.
 - 3) Maintenance repairs that do not expand or alter a structure.

3) BOARD OF APPEALS

- A) Statutory Authorization. Pursuant to the authorization contained in ss. 62.23(7), Wisconsin State Statutes, there is hereby adopted a Board of Appeals for the Town of Buffalo.
- B) Statement of Purpose. The Board shall hear appeals to the Town of Buffalo Zoning Ordinance. The appeal may be in the form of a request for a variance, a special exception or an appeal of a decision by the Zoning Administrator.
- C) Membership and Organization.
 - 1) The Board of Appeals shall consist of 5 members appointed by the Town Chairman and approved by the Town Board. Terms shall be staggered 3-year periods. Eligibility of members of the Board shall be that they shall reside within the Town of Buffalo and outside the limits of incorporated areas. The Board shall choose its own Chairperson. Vacancies shall be filled for unexpired terms in the same manner as appointments for full terms.
 - 2) The Board of Appeals shall have 2 alternate members appointed by the Town Chairman and approved by the Town Board. The alternate members shall be appointed for 3-year staggered terms and be annually designated, by the Town Chairman, as first alternate and second alternate. The first alternate shall act, with full power, only when a member of the Board of Appeals refuses to vote because of a conflict of interest or when a member is absent. The second alternate shall act only when the first alternate refuses to vote because of a conflict of interest or is absent, or if more than one member of the Board of Appeals refuses to vote because of a conflict of interest or is absent. Eligibility of alternate members of the Board shall be the same as for regular members. Vacancies shall be filled for unexpired terms in the same manner as appointments for full terms.
- D) Notice and public hearings. Before passing on an application for a variance, special exception permit or appeal the Board of Appeals shall hold a public hearing. Publication in the newspaper, as required by ss. 19.84, shall give notice of an application and public hearing.
- E) The Board of Appeals shall hear applications and conduct public hearings as outlined in the Board's Rules and By-Laws, which are on file **with** the Town of Buffalo Clerk.

4) VARIANCES

- A) The Board of Appeals has the power to grant variances to the terms of a zoning ordinance. When special conditions unique to a property will not

allow a property owner to meet the dimensional standards of the ordinance, an owner may request a variance. The owner must show unnecessary hardship caused by the ordinance, to be granted a variance. Variances shall uphold the spirit and purpose of the ordinance and preserve public health, safety and general welfare. In addition the Board shall provide substantial justice in reaching a decision. The following principles shall guide the Board in considering applications:

- 1) The burden is upon the applicant to prove the need for a variance.
- 2) Pecuniary hardship, loss of profit and self-imposed hardships are not reasons for granting a variance.
- 3) The Board is bound to accept the zoning ordinance and map as correct.
- 4) The hardship must apply to the applicant's parcel or structure and be unique as compared to other properties in the same district.
- 5) The variance must not be detrimental to adjacent properties.
- 6) When a floodplain variance is granted the Board shall notify the applicant in writing that it may affect flood insurance premiums and risks to life and property. A copy shall be maintained with the variance record.
- 7) The Board in fulfilling its duties may modify, alter, or change any application.

5) SPECIAL EXCEPTIONS

- A) Any use listed, as a Special Exception in the zoning ordinance shall be permitted only upon application to the Zoning Administrator and issuance of a Special Exception permit by the Board of Appeals.
- B) In passing upon a special exception permit, the Board shall evaluate the effect of the proposed use under the following criteria:
 - 1) The establishment, maintenance, or operation of the proposed use will not be detrimental to public health or safety or be harmful to the general welfare of occupants on adjacent properties.
 - 2) The prevention and control of water pollution including sedimentation and the potential impacts on floodplain and wetlands.
 - 3) The erosion potential of site based on topography, drainage, slope, soil type and vegetative cover.

- 4) The location of the site with respect to access to streets and highways and that ingress and egress is designed to minimize traffic congestion or potential traffic hazards.
 - 5) The compatibility of the proposed use with uses on adjacent properties.
- C) Conditions. Upon consideration of an application for a special exception the Board may attach such conditions, that it deems necessary in furthering the purposes of this ordinance. Violation of any of these conditions shall be a violation of this ordinance. Conditions may include, but are not limited to the following:
- 1) Restoration of shore land vegetation.
 - 2) Erosion control and/or storm water management plans for the project site.
 - 3) Sewage and water supply facilities.
 - 4) Increased setbacks to further the purpose and intent of the ordinance.
 - 5) Landscaping and planting screens.
 - 6) Hours of operation for the proposed use.
 - 7) Location and amount of parking area to service the proposed use.
 - 8) Number, type, location and dimension of signs.
 - 9) Type of construction.
 - 10) Other requirements necessary to fulfill the purpose and intent of this ordinance.
- D) In order to secure information upon which to base a determination the Board may require the applicant to furnish, in addition to the information required for a zoning permit, the following information:
- 1) A plan of the area showing contours, soil types, high water mark, ground water conditions, bedrock, slope and vegetative cover.
 - 2) Location of buildings, parking areas, traffic access, driveways, walkways, piers, open spaces and landscaping.
 - 3) Plans of buildings, sewage disposal systems, water supply systems and arrangements for operation.

- 4) Specifications for areas of proposed filling, grading, lagooning or dredging.
- 5) Other pertinent information deemed necessary to determine if the proposed use meets the requirements of this ordinance.
- E) The Board in evaluating each application may request the expert assistance of county, state or federal agencies that are available to provide such assistance.
- F) A Special Exception permit shall expire after 2 years if the use approved under the permit has not commenced. The Zoning Administrator may grant an extension of up to 1 year if unique circumstances apply.

6) APPEALS

- A) Appeals. Appeals to the Board of Appeals, as authorized by ss. 62.23(7), may be taken by a person aggrieved by any decision of the Zoning Administrator. Such appeal shall be taken within a reasonable time, as provided by the rules of the Board, by filing with the officer from whom the appeal is taken and with the Board of Appeals a notice of appeal specifying the ground thereof. The Zoning Administrator shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.
- B) Hearing appeals. As authorized under s.s. 62.23(7), the Board shall fix a reasonable time for hearing of the appeal and publish a class 2 notice thereof under Chapter 985, Wisconsin State Statutes, as well as give due notice to the parties in interest, and decide the same within a reasonable time. A party may appear in person or by agent or attorney.
- C) The final disposition of an appeal or application to the Board of Appeals shall be in the form of a written resolution or order signed by the Chairman and Secretary or the Board. Such a resolution shall state the specific facts, which are the basis for the Board's determination and shall either affirm, reverse, vary or modify the order, requirements, decision or determination appealed, in whole or in part, dismiss the appeal for lack of jurisdiction or prosecution or grant the application.

7) FEES

- A) The Town of Buffalo Board shall establish the fees for permits and applications governed by the Zoning Ordinance of the Town of Buffalo.
- B) The Zoning Administrator shall charge a double fee for work started before a zoning permit is applied for and issued. A double fee shall not release the

applicant from full compliance with this ordinance nor except the applicant from prosecution or other penalties that are permitted under The Town of Buffalo Citation Ordinance.

16.19 VIOLATIONS, PENALTIES, REMEDIAL ACTION, ENFORCEMENT

16.20 CHANGES AND AMENDMENTS

- 1) Whenever the public necessity, convenience, general welfare or good zoning practice require, the Town Board may, by Ordinance, change the district boundaries or amend or supplement the regulations established by this Ordinance in accordance with the provisions of the Wisconsin Statutes.
- 2) A petition for amendment must be made pursuant to the procedures set forth in Sec. 62.23 of the Wis. Stats. And the provisions of that statute followed before any amendment to this Ordinance may be considered.
- 3) Petition for any change to the district boundaries or amendments to the regulations shall be filed with the Town Clerk, describe the premises to be rezoned or the regulations to be amended, list the reasons justifying the petition, specify the proposed use and have attached the following:
 - A) Plot plan approved by the Zoning Administrator, showing the area proposed to be rezoned, its location, its dimensions, the location and classification of adjacent zoning districts and the location and existing use of all properties within 300 feet of the area proposed to be rezoned.
 - B) Owner's names and addresses of all properties lying within 300 feet of the area proposed to be rezoned.
 - C) Fee receipt from the Town Clerk.
